At ABSOLUTE Ministries, we are dedicated to addressing one of the greatest needs in our community: Breaking the addiction cycle for those ready to embrace a new way of life. ABSOLUTE Ministries provides a semi-structured environment that equips individuals with the tools and support to rebuild their lives. Dozens of men and women, some with their children, call ABSOLUTE Ministries home. Did you know that 40-60% of individuals relapse within 1 year of completing traditional treatment? At ABSOLUTE Ministries, through our practical and comprehensive Jesus-focused program, 85% of graduates achieve long-term recovery and become contributing members of society.

These individuals are a great investment as they will eventually offer others the same hope they have received, passing it on, just like someone generously gave and funded my transformation many years ago. So thank you for giving and thus allowing us to offer these individuals Hope, Resources, and a Path Forward.
