A Comprehensive Model of Recovery Centered on Christ.

Mission

We provide housing and comprehensive services in a structured environment for individuals who want to live in a new way.

Why ABSOLUTE Is Different:

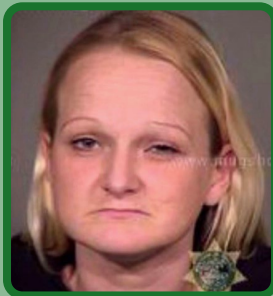

ABSOLUTE Ministries restores men, women, and children through safe housing, daily discipleship, integrated behavioral healthcare, and practical life stabilization. This model produces measurable recovery, restored families, and long-term independence.

What Makes This Model Different:

- Housing, discipleship, and behavioral healthcare are delivered together instead of in separate systems.
- Members rebuild real life in real time through employment, financial stewardship, and church community.
- A proven, workbook-based pathway and mentor network create long-term accountability and stability.

WE ARE THE BRIDGE

Will You Be Foundational?

ABSOLUTE Ministries has built a Christ-centered system of care that produces sustainable transformation, not temporary sobriety. We keep individuals whole by surrounding them with a coordinated pathway: safe housing, licensed behavioral healthcare, employment, transportation, financial guidance, DOC/legal support, and connection into a local Bible-teaching church through mentoring and community. Each layer reinforces the next, so progress doesn't collapse when pressure hits. The outcomes are rebuilt lives with durable support that result in sustainable recovery.

We invite founding and expansion partners to join us in scaling this Christ-centered recovery model across our region. To explore partnership impact opportunities: 877-306-5799 | info@absoluteministries.org | www.absoluteministries.org
